Jerry and Rich:

We've vetted the draft AM amendment and accompanying memo to HQ within OGC and OEM and included in the attached files below we include our few comments/feedback. I know that you've already addressed with me the question under comment A3 of the amendment (i.e., work will be under 104b)

Dimock AM Amendment 062112 Draft to HQ_cmts_6_22.docx

Memo to Hdqtrs Dimock AM amendment 062112_cmts.docx

Please touch base with Eugene and/or myself about any questions on our comments/feedback. Beyond any other follow-up you find necessary, I would suggest that you proceed with getting us (HQ OEM) the formal request for concurrence with the AM amendment. We will process it quickly.

Thanks,
